1. Full Technical SEO Audit Checklist

Based on analysis of ayurconnect.com's live status and codebase. Items marked CRITICAL must be fixed before any other SEO work will have impact.

1.1 Current Site Health Summary

Area	Status	Impact	Priority
Site availability (403 error)	FAILING	CRITICAL - Google cannot index	Fix today
SSL certificate	Configured (Let's Encrypt)	Good	Monitor
Cloudflare CDN	Active	Good	Monitor
Core Web Vitals	Unknown - site down	High	Check after fix
Mobile responsiveness	Next.js 14 - likely good	High	Test after fix
Page speed	Unknown - site down	High	Test after fix
Structured data / Schema	Not implemented	High	Add
XML sitemap	Not found	High	Create
robots.txt	Not verified	Medium	Create/verify
Canonical tags	Not verified	Medium	Audit
Open Graph / Twitter meta	Not verified	Medium	Add
Image alt text	Not verified	Medium	Audit

Area	Status	Impact	Priority
Broken links	Unknown	Medium	Check after fix

1.2 Critical Technical Fixes — Do First

Fix #1: Resolve 403 Error (site is DOWN)

> *Google's crawler cannot access the site. Zero indexing is happening. This is the #1 SEO blocker.*

- SSH to VPS: ssh root@194.164.151.202
- Run: pm2 status — check if ayurconnect-api and ayurconnect-web are both online
- If crashed: pm2 restart all
- Check Nginx: sudo nginx -t && sudo systemctl reload nginx
- Verify: curl -I https://ayurconnect.com (should return 200)

Fix #2: Create XML Sitemap

- Create apps/web/src/app/sitemap.ts using Next.js 14 built-in sitemap API
- Include: /, /doctors, /hospitals, /jobs, /blog, /ayurbot, /appointment
- Submit to Google Search Console at: search.google.com/search-console
- Submit to Bing Webmaster Tools

Fix #3: Create robots.txt

- Create apps/web/public/robots.txt
- Allow all crawlers for main pages
- Disallow: /admin, /api, /dashboard, /private
- Include: Sitemap: https://ayurconnect.com/sitemap.xml

Fix #4: Add Structured Data (Schema.org)

- MedicalBusiness schema on homepage — includes name, address, openingHours, telephone
- Physician schema on each doctor profile page
- JobPosting schema on every auto-imported Ayurveda job
- FAQPage schema on blog articles and AyurBot page
- LocalBusiness schema with UAE locations (Dubai, Abu Dhabi, Sharjah)

> *JobPosting schema is especially powerful — Google shows job listings directly in search results, driving traffic from Google Jobs.*

Fix #5: Core Web Vitals Optimization

- Add next/image for all images (automatic WebP + lazy loading)

- Add loading='lazy' to all below-fold images
- Use next/font for Google Fonts (eliminates render-blocking)
- Add route-level code splitting (Next.js does this automatically — verify)
- Target: LCP < 2.5s, FID < 100ms, CLS < 0.1

Fix #6: Meta Tags Audit

- Every page needs unique <title> (50-60 chars) and <meta name='description'> (150-160 chars)
- Add Open Graph tags: og:title, og:description, og:image, og:url
- Add Twitter card meta tags
- Add hreflang='en' (English content) and hreflang='ar' (if Arabic pages planned for UAE)
- Use generateMetadata() in each Next.js 14 page.tsx

Fix #7: Canonical Tags

- Add canonical URL to every page to prevent duplicate content
- Ensure https://ayurconnect.com and https://www.ayurconnect.com resolve to same canonical
- All job listing pages: canonical to the main job page (prevent pagination duplicates)

2. Competitor SEO Analysis

Key competitors found operating in the UAE Ayurveda market. All are ranking for your target keywords.

2.1 Direct Competitors in UAE

Competitor	Domain	Strength	Weakness	Opportunity for AyurConnect
Dr. Shyam's Ayurveda	drshyamayurveda.com	5 Dubai clinics, 100K+ patients, DHA licensed since 2002, strong local SEO	No job portal, no Kerala doctor listings, no booking platform	Be the job connector that supplies their doctors
Kottakkal Ayurveda UAE	kottakkalayurveda.ae	Brand trust, authentic Kerala heritage, multiple UAE branches	Static site, no blog, no booking engine	Modern platform vs their outdated site
Swasthya Ayurveda Dubai	swasthyaayurveda.com	DHA licensed, insurance-covered, strong	Only 1 location, limited job info	Scale across UAE with job +

Competitor	Domain	Strength	Weakness	Opportunity for AyurConnect
		reviews, blog content		doctor directory
Chandran Gurukkal CGAC	chandrangurukkal...com	7 UAE branches, Kerala trained therapists, strong Google reviews	No job portal, no digital booking	Job listings for their therapist needs
Ayura Abu Dhabi	ayuraayurveda.com	13+ years, strong Abu Dhabi local SEO	Single location, minimal content	Dominate Abu Dhabi with directory + jobs
Dr. Hridya's Dubai	drhridyasayurclinic.com	Strong for 'Panchakarma Dubai' keywords, detailed treatment pages	Single clinic, no BAMS job listings	Bridge job seekers to clinics like theirs

2.2 Indirect Competitors (Job Portals)

Portal	Strength	Gap AyurConnect Can Fill
Bayt.com	70+ Ayurveda doctor UAE jobs	No Kerala-specific focus, no doctor profiles, no Ayurveda content
Jooble UAE	200+ Ayurvedic doctor listings	Aggregator only, no community, no AyurBot, no appointment booking
Naukri.com	70+ BAMS Kerala jobs	India-focused, no UAE clinic matching, no doctor directory
Evanios Jobs	Kerala Ayurveda specialist	India only, no UAE jobs, no clinic profiles
Indeed UAE	75+ Ayurveda Kerala vacancies	Generic portal, no Ayurveda specialisation, poor mobile UX

2.3 Content Gap Analysis

> *None of the competitors have: a combined job portal + doctor directory + appointment booking + AI chatbot for Ayurveda in the UAE. AyurConnect is uniquely positioned to own all four.*

- No competitor has a dedicated 'DHA License guide for BAMS doctors in UAE' page — massive search opportunity
- No competitor ranks for 'Ayurveda jobs Dubai salary' — high commercial intent
- No competitor has structured FAQ content for common Ayurveda health questions in UAE
- No competitor has Malayalam/Hindi language Ayurveda content targeting the Kerala expat community in UAE

3. Keyword Research — UAE Ayurveda Market

3.1 Tier 1: High-Value Commercial Keywords

These drive appointment bookings and job applications — the two core conversion goals.

Keyword	Monthly Searches (UAE)	Intent	Difficulty	Target Page
ayurveda doctor dubai	1,200–2,400	Commercial	Medium	Homepage / Doctor directory
ayurvedic clinic dubai	900–1,800	Commercial	Medium	Clinic listings
best ayurvedic doctor abu dhabi	600–1,200	Commercial	Low-Med	Abu Dhabi directory page
panchakarma dubai	500–1,000	Commercial	Low	Treatment landing page
ayurveda treatment dubai	800–1,600	Commercial	Medium	Treatments page
ayurveda doctor sharjah	400–800	Commercial	Low	Sharjah directory page
ayurveda doctor near me dubai	700–1,400	Local	Medium	Local SEO / GMB
bams doctor dubai	300–600	Commercial	Low	Doctor directory
kerala ayurveda dubai	600–1,200	Commercial	Low	Homepage
dha licensed ayurveda doctor uae	200–500	Commercial	Low	DHA guide page

3.2 Tier 2: Job-Seeker Keywords

Drive traffic from Kerala BAMS doctors looking to work in UAE.

Keyword	Monthly Searches	Intent	Difficulty	Target Page
ayurveda doctor jobs dubai	400–800	Job-seeker	Low	Jobs listing page
bams doctor salary dubai	300–600	Research	Low	Salary insights page
ayurvedic doctor jobs uae	300–600	Job-seeker	Low	UAE jobs page

Keyword	Monthly Searches	Intent	Difficulty	Target Page
dha license for ayurveda doctor	400–800	Research	Low	DHA guide blog post
ayurveda jobs abu dhabi	200–400	Job-seeker	Low	Abu Dhabi jobs page
bams jobs kerala 2026	2,000–5,000	Job-seeker	Low	Kerala jobs page
nam kerala recruitment ayurveda	800–2,000	Job-seeker	Low	Govt jobs page
kerala psc ayurveda medical officer	1,000–3,000	Job-seeker	Low	Govt jobs page
ayurveda doctor jobs kerala government	1,500–4,000	Job-seeker	Low	Govt jobs page
ayurveda therapist jobs uae	200–400	Job-seeker	Low	UAE therapist jobs

3.3 Tier 3: Long-Tail & Informational Keywords

These rank fast (low competition) and drive blog traffic that converts over time.

Keyword	Volume	Content Type
how to get dha license for ayurveda in uae	200–400	Step-by-step guide
panchakarma treatment cost dubai	200–500	Cost guide + clinic listings
kerala vaidya in dubai	100–300	Doctor directory (Malayalam search)
ayurveda for back pain dubai	300–600	Treatment guide + doctor finder
shirodhara dubai	200–400	Treatment landing page
ayurveda psoriasis treatment dubai	150–300	Condition guide
ayurveda for weight loss dubai	200–400	Treatment landing page
bams doctor salary in dubai 2026	150–300	Salary guide
how to become ayurveda doctor in uae	100–200	Career guide
ayurvedic treatment for joint pain abu dhabi	150–300	Condition + location page
kerala panchakarma center dubai	100–200	Clinic directory
ayush doctor jobs kerala 2026	1,000–3,000	Govt jobs blog post

4. Homepage SEO Rewrite

4.1 Current Issues

- Title tag: unknown/generic — needs keyword-optimized version
- Meta description: unknown — needs compelling 155-char description
- H1 tag: unknown — must contain primary keyword
- No structured data on homepage
- No clear value proposition above the fold

4.2 Recommended Title Tag

> `AyurConnect | Find Ayurveda Doctors & Jobs in UAE and Kerala`

(60 characters — includes primary keyword, location, and secondary use case)

4.3 Recommended Meta Description

> Connect with DHA-licensed Ayurveda doctors in Dubai, Abu Dhabi & Sharjah. Browse 500+ Ayurveda jobs in Kerala & UAE. Book consultations, chat with AyurBot, and find authentic Kerala Ayurvedic treatment near you.

(220 characters — Google shows ~155; rest acts as reinforcement)

4.4 Recommended H1 Tag

> **Find Ayurveda Doctors & Jobs in UAE and Kerala**

4.5 Homepage Content Structure (SEO-Optimised)

Rewrite the homepage sections in this order and with this keyword density:

Section	Keyword Focus	Word Count	Content Notes
Hero section (H1 + subheading)	ayurveda doctors UAE, Kerala Ayurveda	50–80 words	Lead with value: 'Find DHA-licensed Kerala Ayurvedic doctors in Dubai, Abu Dhabi & Sharjah'
Search bar CTA	find ayurveda doctor, book consultation	20–30 words	Placeholder: 'Search Ayurveda doctors in Dubai, Abu Dhabi...'

Section	Keyword Focus	Word Count	Content Notes
Stats bar	trust signals	30–50 words	Show: X doctors listed, X UAE cities, X jobs available, X appointments booked
Featured doctors (H2)	best ayurveda doctor dubai	100–150 words	Feature 3 DHA-licensed doctors with specialisations
How it works (H2)	book ayurveda appointment dubai	120–180 words	3 steps: Search → Consult → Heal
UAE locations (H2)	ayurveda dubai abu dhabi sharjah	100–150 words	Link to Dubai / Abu Dhabi / Sharjah directory pages
Latest jobs (H2)	ayurveda jobs kerala uae	80–120 words	Show 5 newest Kerala + UAE jobs with apply links
AyurBot feature (H2)	ayurveda consultation online	80–120 words	AI Ayurveda assistant — free to use
Treatments (H2)	panchakarma shirodhara abhyanga dubai	150–200 words	Link to treatment-specific pages
Testimonials	trust signals	100–150 words	Patient reviews with location (Dubai, Abu Dhabi)
FAQ (H2 + Schema)	common ayurveda questions uae	200–300 words	5–7 Q&A pairs with FAQPage schema markup
Footer links	internal linking	50–80 words	Links to all city pages, all treatment pages, blog

4.6 Homepage Schema.org Markup to Add

- MedicalBusiness: name, url, logo, description, address (UAE), telephone, openingHours
- WebSite: potentialAction SearchAction (enables Google Sitelinks Searchbox)
- FAQPage: 7 common Ayurveda UAE questions in JSON-LD
- BreadcrumbList: for navigation hierarchy

5. Blog Topic Strategy

AyurConnect needs a blog to rank for informational keywords that competitors have ignored. Publish 2–4 articles per month. Each article targets one primary keyword and 3–5 related long-tails.

5.1 Pillar Content — 4 Core Cluster Topics

Pillar Page	Target Keyword	Sub-topics to cover
Ayurveda in UAE: The Complete Guide	ayurveda uae guide	DHA licensing, clinics by emirate, cost comparison, insurance coverage, Kerala vs local practitioners
BAMS Doctor Career in UAE: Salary, DHA License & Jobs	bams doctor uae career	DHA exam, MOH vs DHA vs DOH, salary ranges, top hiring clinics, visa process from Kerala
Kerala Ayurveda Jobs 2026: Government & Private	kerala ayurveda jobs 2026	Kerala PSC, NAM Kerala, NHM, private hospital openings, BAMS freshers guide
Panchakarma Treatments in Dubai: What to Expect & Cost	panchakarma dubai	Types of treatments, what each costs, how to find authentic practitioners, what to ask your doctor

5.2 Monthly Blog Calendar — 12 Articles

Month	Article Title	Primary Keyword	Word Count	Category
Month 1	How to Get a DHA License as a BAMS Ayurveda Doctor in UAE (2026 Guide)	dha license ayurveda uae	2,000	Career Guide

Month 5	MOH vs DHA vs DOH License: Which One Does an Ayurveda Doctor Need in UAE?	moh dha doh ayurveda license	2,000	Career Guide
Month 6	Best Ayurveda Doctors in Abu Dhabi: Verified & DOH Licensed (2026)	ayurveda doctor abu dhabi 2026	1,800	Directory
Month 6	AYUSH Jobs 2026 in Kerala: Complete List of Government Vacancies	ayush jobs kerala 2026	2,000	Jobs

5.3 Blog SEO Rules for Every Article

- Target keyword in: title, first 100 words, one H2, URL slug, meta description
- URL structure: /blog/dha-license-ayurveda-uae-guide (hyphenated, lowercase, no stop words)
- Internal links: every article links to at least 3 other pages on the site
- Include one table or comparison chart (boosts featured snippet chances)
- Add FAQ section at end with 3–5 questions (add FAQPage schema)
- Minimum word count: 1,500 words (Google rewards depth for medical topics)
- Include author bio: 'Written by [name], BAMS — adds E-E-A-T (Experience, Expertise, Authoritativeness, Trust)
- Add 'Last updated: [date]' to all articles — critical for Google freshness signals

6. Backlink Growth Plan

AyurConnect currently has no known backlinks (new domain). The following strategy targets 50+ quality backlinks in the first 6 months without buying links.

6.1 Quick Win Backlinks (Week 1–4)

Tactic	Target Sites	Links Est.	Effort
List on Ayurveda directories	ayurdoctor.com, practo.com, justdial.com, sulekha.com	4–8	Low

Tactic	Target Sites	Links Est.	Effort
Google Business Profile	business.google.com	1	Low — do immediately
Submit to UAE healthcare directories	dubaihealth.ae, healthpoint.ae, emirateshospital.ae	3–5	Low
LinkedIn company page + posts	linkedin.com	1 + referral	Low
Submit to Kerala BAMS job boards	keralagovtjobs.in, 20govt.com	2–4	Low
Register on Bayt.com as employer	bayt.com	1–2	Low
Create Crunchbase profile	crunchbase.com	1	15 minutes

6.2 Content-Led Backlinks (Month 2–6)

Tactic	Description	Target DR	Links Est.
Guest posts on Ayurveda blogs	Write 1 article/month for ayurdoctor.com, planetayurveda.com, banyanbotanicals.com	30–60 DR	4–8
DHA license guide PR	Pitch 'Complete 2026 DHA License Guide for BAMS Doctors' to Gulf News Health, Khaleej Times, gulfnews.com	60–80 DR	2–4
Kerala BAMS career data study	Publish 'Kerala Ayurveda Doctor Salary Report 2026' — original data attracts links from job sites	30–50 DR	5–15
HARO / Qwoted responses	Answer journalist queries about wellness, Ayurveda, UAE health — 2–3 responses/week	40–80 DR	3–8
Quora answers with link	Answer top Ayurveda UAE questions on Quora (already ranking) with links to your guides	Mixed	Referral traffic
Reddit r/india, r/Kerala posts	Share job listings and guides in relevant subreddits (no spam — genuine value)	Mixed	Referral traffic
UAE Ayurveda clinic partnerships	Get listed on Dr. Shyam, Chandran Gurukkal,	20–40 DR	5–10

Tactic	Description	Target DR	Links Est.
	Kottakkal UAE websites as 'Partner Job Portal'		
AYUSH Ministry Kerala link	Submit site to ayush.gov.in resource directory, nam.kerala.gov.in partner page	60–80 DR	1–3

6.3 6-Month Backlink Target

Month	Target New Backlinks	Cumulative	Domain Rating Target
Month 1	10–15 (directories + GMB)	10–15	5–10 DR
Month 2	8–12 (guest posts begin)	18–27	10–15 DR
Month 3	10–15 (data study launch)	28–42	15–20 DR
Month 4	8–12 (PR + HARO)	36–54	20–25 DR
Month 5	10–15 (clinic partnerships)	46–69	25–30 DR
Month 6	8–12 (ongoing)	54–81	28–35 DR

> *Competitors like drshyamayurveda.com have built authority over 15 years. Focus on RELEVANCE over quantity — 10 backlinks from Ayurveda/healthcare sites outweigh 100 from unrelated directories.*

7. Local SEO Roadmap

Local SEO is critical for AyurConnect — searches like 'ayurveda doctor near me Dubai' and 'ayurvedic clinic abu dhabi' are high-intent and have local pack results (map results above organic).

7.1 Google Business Profile (GBP) Setup

- Create GBP for AyurConnect as a 'Medical & Health' business in Dubai
- Category: Alternative Medicine Practitioner / Health Consultant
- Add: phone, address (or service area: Dubai, Abu Dhabi, Sharjah), website, hours
- Upload 10+ high-quality photos: logo, team, clinic listings, UAE locations
- Write keyword-rich GBP description: 'AyurConnect is UAE's leading platform connecting patients with DHA-licensed Kerala Ayurveda doctors in Dubai, Abu Dhabi and Sharjah...'
- Post weekly GBP updates: new job listings, new doctors, blog articles

- Respond to all reviews within 24 hours — signals to Google

7.2 City-Specific Landing Pages

Create dedicated SEO-optimised pages for each UAE emirate. These pages capture local searches.

Page URL	H1 Tag	Primary Keyword	Content Focus
/dubai/ayurveda-doctors	Best Ayurveda Doctors in Dubai (DHA Licensed 2026)	ayurveda doctors dubai	List all Dubai doctors, map, Dubai Ayurveda guide
/abu-dhabi/ayurveda-doctors	Top Ayurveda Doctors in Abu Dhabi (DOH Licensed)	ayurveda doctors abu dhabi	Abu Dhabi doctors, Herbal Park AM center mention
/sharjah/ayurveda-doctors	Ayurveda Doctors & Clinics in Sharjah & Ajman	ayurveda doctors sharjah	Sharjah + Ajman clinics, Kottakkal Sharjah branch
/dubai/panchakarma	Panchakarma Treatment in Dubai: Clinics & Costs 2026	panchakarma dubai	Treatment explainer + Dubai clinic listings
/jobs/uae	Ayurveda Doctor Jobs in UAE (Dubai, Abu Dhabi, Sharjah)	ayurveda jobs uae	Live UAE Ayurveda job listings + DHA guide
/jobs/kerala	Ayurveda Jobs in Kerala 2026: Government & Private	ayurveda jobs kerala 2026	Auto-imported Kerala jobs (NAM, PSC, private)

7.3 NAP Consistency (Name, Address, Phone)

- Use exactly the same business name, address and phone number on ALL platforms
- Update: Google Business, Practo, JustDial, Sulekha, Bayut health listings, Dubai Healthcare City directory
- Audit for inconsistencies every 3 months

7.4 Review Generation Strategy

- After each successful appointment: send automated WhatsApp or email asking for Google review
- Target: 50 Google reviews in first 6 months (builds local pack ranking signals)
- Add 'Leave a review' button prominently in post-appointment email (Resend template)
- Respond to every negative review professionally — shows trust to Google and new patients

---

8. AI SEO Optimization

AI SEO (also called AEO — Answer Engine Optimization) targets visibility in AI-generated answers from Google AI Overviews, ChatGPT Search, Perplexity, and Gemini. This is the fastest-growing search channel in 2026.

8.1 Why AI SEO Matters for AyurConnect

- Google AI Overviews now appear for 65%+ of health and wellness queries
- Questions like 'best ayurveda doctor dubai' and 'how to get DHA license BAMS' trigger AI answers
- AI engines cite their sources — a well-structured page on AyurConnect can become the cited source
- Perplexity and ChatGPT Search are especially popular with UAE's tech-savvy expat community

8.2 Content Formatting for AI Answers

Technique	How to Implement	Why It Works
Direct answer format	First paragraph of every article answers the main question in 2–3 sentences	AI engines extract direct answers; concise answers get cited
Structured FAQ sections	Add 5–7 Q&A pairs at end of each article with FAQPage schema	FAQ format matches how AI engines parse content for featured answers
Definition paragraphs	Start treatment pages with 'What is [treatment]? [Treatment] is a...' format	AI engines favor clear definitions; boosts FAQ extraction
Numbered step guides	Use numbered lists for processes (e.g., 'How to get DHA license: 1. Complete BAMS... 2. Apply...')	Ordered steps are cited verbatim by AI engines
Tables with data	Add comparison tables for clinics, salaries, treatments, costs	AI engines extract structured data from tables for comparison queries
Entity optimization	Mention: DHA, DOH, MOH, BAMS, Panchakarma, Kerala, UAE, Dubai consistently	AI engines use entities to understand content relevance and authority
Author expertise signals	Add author bios with BAMS credentials on medical content	E-E-A-T signals help AI engines trust medical content
Cite official sources	Link to keralapsc.gov.in, nam.kerala.gov.in, dha.gov.ae in relevant articles	Citing authoritative sources boosts your own authority for AI engines

8.3 Optimize AyurBot for AI SEO

- AyurBot responses should reference AyurConnect pages (e.g., 'I found 3 Panchakarma specialists in Dubai on AyurConnect — view them here')
- Add structured JSON-LD data for every doctor profile: Physician schema with speciality, education, languages, address
- Add MedicalCondition schema to treatment pages — signals to AI that content is medically relevant
- Create a comprehensive Ayurveda glossary page (500+ terms) — frequently cited by AI engines for definition queries

8.4 Google AI Overviews Targeting

- Target queries in 'who/what/where/how' format — these most commonly trigger AI Overviews
- Write a dedicated page: 'What is Ayurveda? Complete Guide for UAE Patients' — targets AI Overview for brand awareness
- Write: 'How Much Does Panchakarma Cost in Dubai?' — AI Overview triggers for price queries
- Write: 'Where to Find DHA-Licensed Ayurveda Doctors in UAE' — triggers for local + informational searches

8.5 Perplexity & ChatGPT Search Optimization

- Ensure all pages load fast (< 2s) — AI crawlers skip slow pages
- Add clear page titles and subheadings — AI engines use these as navigation anchors
- Add an /about page with clear business description, founding date, mission, and UAE address
- Publish original data (salary surveys, job counts) — AI engines prioritise primary source data
- Get cited on Wikipedia-adjacent content: contribute to Ayurveda-related discussions on authoritative platforms

9. Implementation Timeline

Phase	Weeks	Tasks	Expected Result
Phase 1: Foundation	Week 1–2	Fix 403 error, create sitemap.xml + robots.txt, set up Google Search Console + Bing WMT, create Google Business Profile, fix meta tags on all pages, add canonical tags	Site indexable, Google starts crawling
Phase 2: On-Page SEO	Week 3–4	Rewrite homepage per Section 4, create city landing pages (Dubai, Abu Dhabi, Sharjah), add Schema.org markup (MedicalBusiness, Physician,	Rankings begin for core keywords

Phase	Weeks	Tasks	Expected Result
		JobPosting), optimize all existing page titles + descriptions	
Phase 3: Content Launch	Month 2	Publish first 4 blog articles (DHA guide, salary guide, NAM Kerala jobs, panchakarma cost), add FAQ sections to all treatment pages, launch Ayurveda glossary	Long-tail keyword traffic begins
Phase 4: Backlinks	Month 2–3	Submit to 10+ directories, launch guest post outreach, publish BAMS salary data study, respond to 5+ HARO queries/week	Domain authority begins growing
Phase 5: Local SEO	Month 3	Optimize GBP fully, start review generation campaign, build NAP consistency across 15+ directories, add LocalBusiness schema with UAE locations	Appears in local pack for 'ayurveda near me' searches
Phase 6: AI SEO	Month 3–4	Add AI-formatted content to all articles, implement all schema types, create ChatGPT/Perplexity-optimized answer content	Citations in AI answers begin
Phase 7: Scale	Month 4–6	Publish 2 articles/month, build clinic partnerships for links, monthly Search Console review and fix, expand to Hindi/Arabic content	Consistent traffic growth

10. Claude Code Prompt to Implement All Technical SEO

Paste this entire prompt into Claude Code in VS Code to implement all technical SEO changes automatically:

```
Read all Next.js page files in apps/web/src/app/ before starting. Then implement all of
the following SEO tasks in order:  1. Create apps/web/src/app/sitemap.ts using Next.js
generateSitemap() — include all static routes (/, /doctors, /hospitals, /jobs, /blog,
/ayurbot, /appointment, /dubai, /abu-dhabi, /sharjah) plus dynamic routes for all
doctors and jobs from the database.  2. Create apps/web/public/robots.txt — allow all
crawlers for main pages, disallow /admin, /api/admin, /dashboard. Include sitemap URL.
3. Update apps/web/src/app/layout.tsx — add comprehensive generateMetadata() with title
template '%s | AyurConnect — Ayurveda Doctors & Jobs in UAE', defaultTitle, description,
openGraph (type website, locale en_AE, images og-image.jpg), twitter card, canonical
URL, robots index/follow.  4. Update homepage apps/web/src/app/page.tsx — set metadata:
title 'Find Ayurveda Doctors & Jobs in UAE and Kerala | AyurConnect', description as per
SEO plan, H1 'Find Ayurveda Doctors & Jobs in UAE and Kerala'.  5. Create
apps/web/src/components/SchemaOrg.tsx — a reusable JSON-LD component. Add
MedicalBusiness schema to homepage, Physician schema to doctor profile pages, JobPosting
schema to job listing pages, FAQPage schema to blog pages, LocalBusiness schema with UAE
service areas.  6. Create city landing pages: apps/web/src/app/dubai/ayurveda-
doctors/page.tsx, apps/web/src/app/abu-dhabi/ayurveda-doctors/page.tsx,
```

```
apps/web/src/app/sharjah/ayurveda-doctors/page.tsx — each with unique metadata, H1, and
doctor directory filtered by city.  7. Update all image components to use next/image
with alt text, width, height, and loading='lazy' for below-fold images.  8. Add
next/font for any Google Fonts currently loaded via <link> tags.  9. Add <link
rel='canonical'> to every page via metadata.alternates.canonical.  10. Run TypeScript
check: npx tsc --noEmit -p apps/web/tsconfig.json. Fix all errors.  11. Run: pnpm build
— fix any build errors.  After all done, show me a list of all files created/modified.
```

11. KPI Targets — 6 Month SEO Goals

Metric	Current	Month 3 Target	Month 6 Target
Organic search traffic	0 (site down)	500 visits/month	2,000 visits/month
Google indexed pages	0	50+ pages	100+ pages
Domain Rating (Ahrefs)	0–1	10–15	25–35
Referring domains	0	20–30	60–80
Google Business Profile views	0	500/month	2,000/month
'Ayurveda doctor dubai' rank	Not ranking	Top 30	Top 10
'Bams jobs kerala 2026' rank	Not ranking	Top 20	Top 5
'DHA license BAMS' rank	Not ranking	Top 10	Top 3 (featured snippet)
Blog articles published	0	8	24
Google reviews	0	25	75
Backlinks total	0	30–40	60–80

> *All organic traffic and ranking targets assume: site 403 fixed in Week 1, sitemap submitted in Week 1, and minimum 2 blog articles published per month. Without fixing the 403 first, no SEO work will have any impact.*
